

SF EUROPE - Capacity Building: Everything You Always Wanted to Know About Slow Food (but were afraid to ask)

Slow Food Capacity Building on : Slow Food: introduction to our network & organization

While many of you are familiar with our philosophy and goals, we acknowledge that only a few are aware of how we are organised at a global and EU-level, how we carry out our actions worldwide, and what our main projects, strategies, and fields of operation.

This is why we thought about a session where you will be able to ask and learn everything you always wanted to know about slow Food (but were afraid to ask).

You will have a unique chance to learn and ask how both our network and offices operate, learn about our governance model, how we choose which the projects we engage in, and, most important, how to best interact with the rest of the network and our HeadQuarters.

We have planned a 90-minute training session for the **7th of June, at 6:00 CEST**. The training will be in English language only.

Applications are due by May 31st.

Selection of the participants will be confirmed and finalized by the 2nd of June.

PLEASE NOTE: The form does not guarantee participation in the training, it will be considered only as an application form, not a registration form. The Slow Food Europe office will consider the information received and evaluate the characteristics of the candidate, reserving the right to select the participant(s) according to the [selection criteria](#).

*** Required**
